Pulmoll. New Flavours.

Pulmoll lozenges are small, functional and tasty. The international range of our premium brand already covers a variety of ten different flavours - all of them with soothing, releasing and/or refreshing properties. The refreshing category will now be expanded by two new sugarfree flavours for next winter season: Pulmoll Fresh Mint as a refreshing peppermint experience enriched with Vitamin C. And Pulmoll Tropical as additional fruity alternative with 4 vitamins (C, B2, B6, folic acid) for immune support. Available in late summer 2023.

Kalfany Watermelon Drops.

Our bestselling range - which is distributed in nearly 50 markets - will be strengthened by a new promising and delicate Watermelon flavour. Our top-class candies in convenient drops shape are produced in an exclusive "dry-candying" process which helps to avoid sticking and clumping of drops. The 150g tins feature a colourful and highly attractive design and the products are suitable for multi-channel distribution in supermarkets, petrol stations and duty free stores.
