Lübeck marzipan Santa Claus and Easter bunnies sweeten the season

The traditional Lübeck marzipan manufacturer Erasmi & Carstens is expanding its sweet range of seasonal presents with two new items: Santa Claus and Easter Bunny figures made from Lübeck fine marzipan in crunchy dark chocolate in a cheerfully coloured gift pack with clip. The pack size of 50 g each perfectly fits in the impulse buy segment, either as a small gift or for that extra something in between. Both items do not contain ingredients from animal origin and could be certified Vegan.
