Pulmoll. New Flavours.

Pulmoll lozenges are small, functional and tasty. The international range of our premium brand already covers a variety of ten different flavours - all of them with soothing, releasing and/or refreshing properties. The refreshing category will now be expanded by two new sugarfree flavours for next winter season: Pulmoll Fresh Mint as a refreshing peppermint experience enriched with Vitamin C. And Pulmoll Tropical as additional fruity alternative with 4 vitamins (C, B2, B6, folic acid) for immune support. Available in late summer 2023.

Kalfany Watermelon Drops.

Our bestselling range - which is distributed in nearly 50 markets - will be strengthened by a new promising and delicate Watermelon flavour. Our top class candies in convenient drops shape are produced in an exclusive "dry candying" process which helps to avoid sticking and clumping of drops. The 150g tins feature a colourful and highly attractive design and the products are suitable for multi-channel distribution in supermarkets, petrol stations and duty free stores.
